

Dear Sirs,

*We were most pleased with the recent BSI audit in week 11.07, which gave us many significant and valuable responses.*

*The audit was performed in a most professional way. We do not intend to change our auditor, first because we know from experience that it takes at least few visits for an auditor to get to know our company, for the second because we have the best possible cooperation with Mr. Georg Lewestam.*

*Georg Lewestam is an impressive and professional auditor. Obviously he has a good understanding of Danish culture and the Danish language.*

Best regards,

Stig Knudsen
